

BREWED EXPLORATION

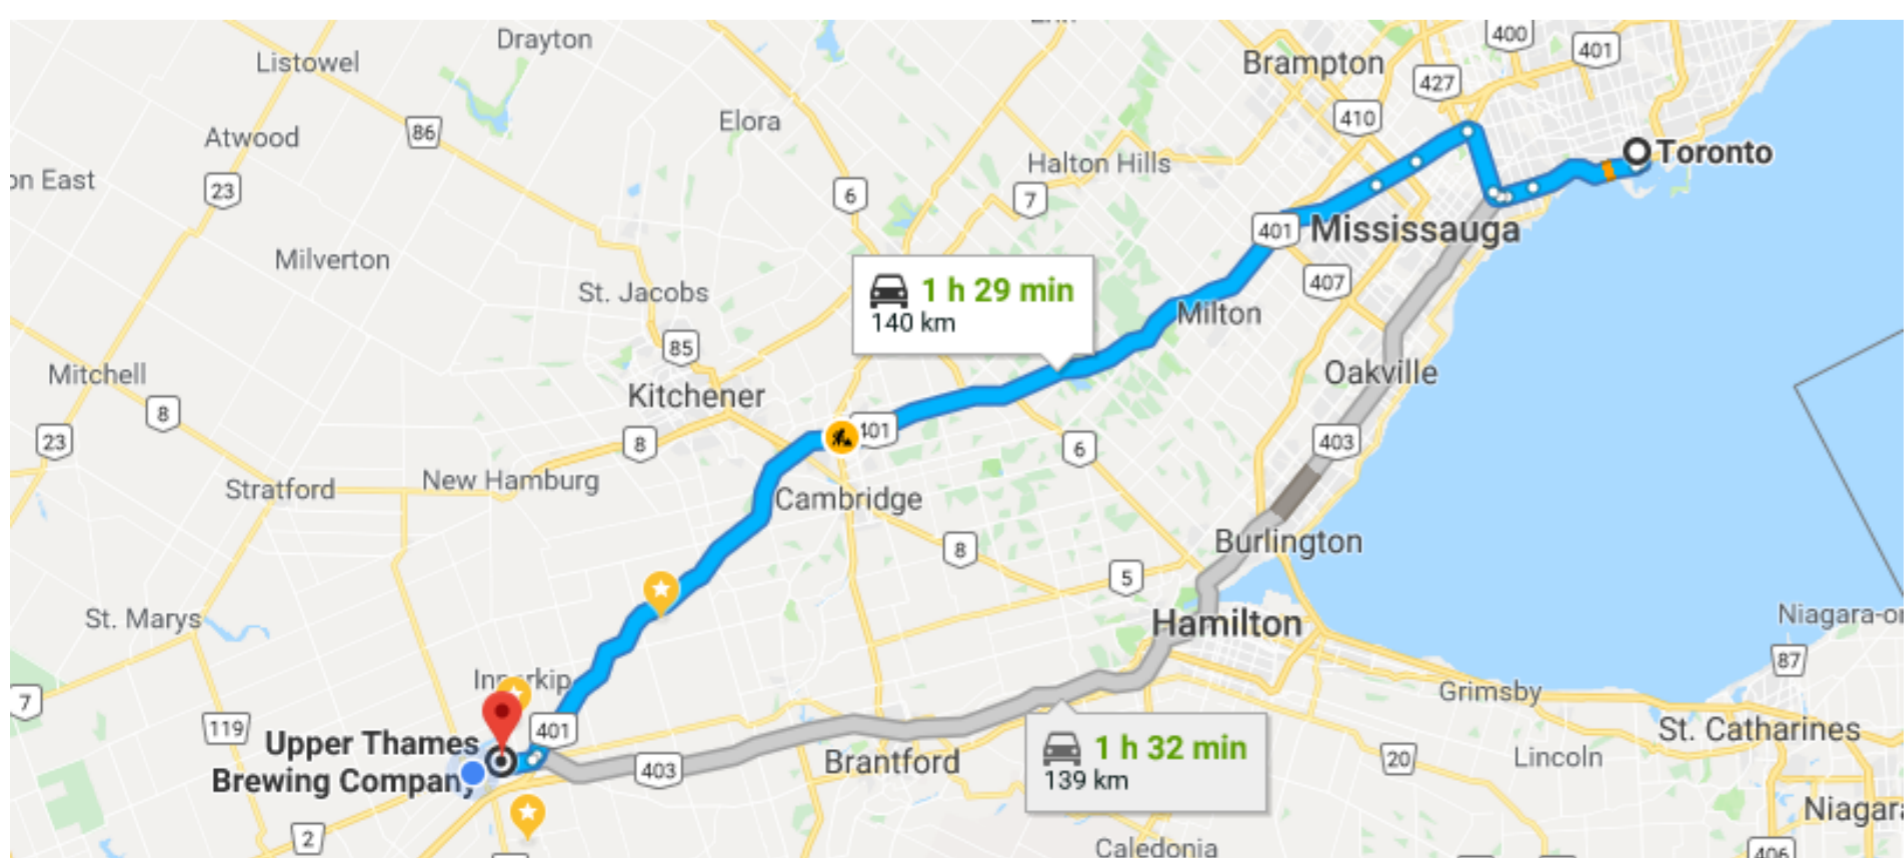

EXPERIENCE BREWING FROM GRAIN TO GLASS.

YOU ARE WHERE YOU DRINK...

Calling all hop heads, this is the experience for you. Different from any brewery tour you've done before, the Pints on the Thames Experience takes you behind the bar at Upper Thames Brewing Company and into the heart of a brewery based around community partnerships, a love for experimentation and a unique terroir settled along the north branch of the Thames River. Gain an appreciation for the brewing process as you sip and taste your way through the brewery.

Refine your palette and understanding of grain flavour profiles alongside the brewer himself. Taste the delicious result of a community partnership based around three amazing ingredients from local producers and get your hands dirty as you bottle your own beer.

Whether you're a craft beer enthusiast or someone who just appreciates a great pint, you'll find something to love at Upper Thames.
